*The officers, Club personnel and members of Jaisal Club are proud of this distinguished honour and we will continue our tradition of providing excellent services and maintaining highest standards with reasonable, understandable and fairly enforced club rules, regulations and procedures.*

## Lifestyle

### Happiness And Success

- \* If you want to be happy, make others happy.
- \* If you want love, give love.
- \* If you want a friend, be a friend.

If you want real success and fulfillment in life, get busy building up others and helping them succeed. The rewards will far surpass any monetary or material success you could ever dream of.

There is a well known saying, "you can judge a man by his friends", so too with clubs. You can, to a very considerable extent, judge a man's tastes, possibly even his character, by the club to which he belongs.

## PRESIDENT'S MESSAGE

For smooth functioning of the Club, sub-committee meetings were periodically held during last quarter which were attended by committee members and guests invited for their valuable suggestions.

Our newly started Royal Tent Restaurant has been a main attraction for members and their families. Rajasthani cuisine has been very popular particularly among the guests visiting from affiliated clubs.

The Club is particularly proud of the Library with rare collection of old books for which we are grateful to those dedicated members who sent their valuable treasure as donation to this Club. Our Reading Room with a good number of periodicals is unique as no other club in Rajasthan has such a large variety on a wide range of subjects for different tastes of members, their ladies and guests.

Jaisal Club made steady progress in our efforts towards improving the quality of service in the Club. We will also be encouraging self service and buffet options as means towards reducing service time.

As our sports facilities remain grossly under-utilized, I would request our members to avail of these facilities more frequently and in particular encourage their children to do so.

All our efforts are dedicated towards providing you with quality services. I welcome your suggestion all the time to improve our service to serve you better. Your support is always desired.

Jaisal Club regards you with great esteem and your active participation is desired as always.

### Picture of the Year

This is a picture taken directly above these camels in the desert at sunset. It is considered one of the best pictures of the year by National Geographic. Look closely, the camels are the little white lines in the picture. The black you see are just the shadows!!

## Environment Tip

### Say No to Plastic

Plastic is one of the few materials which cause an environmental problem. Plastic can be used to make things of many shapes and is elastic. It can be used to make variety of products like wires, films, poly bags etc.

Unfortunately plastic is posing a huge pollution problem since the material is non-biodegradable. Because the plastic is cheap it gets discarded easily and causes harm to the environment. Plastic that is thrown by people goes into the drainage system and chokes them. Also cattle and other animals can die by eating plastic bags. Many beaches in the world are polluted because of plastic rubbish dumped on them. This plastic can also affect marine life by killing them. Therefore we should use bio degradable materials instead of plastic.

## OBITUARY

Golfer? Table Tennis Champion? Cricketer? Football Player? Housie Expert?

All these, and more- that was Commander S P Vyas, the quintessential Sports Person who passed away on 9<sup>th</sup> February. He was a long time member of several good clubs including Jaisal Club and also served as Honorary Secretary creditably.

The entire success of Jaisal Club reaching remarkable heights is solely because of Commander Vyas's tireless efforts right from its inception and I have no hesitation to acknowledge the same. With profound grief and heavy heart this distressing news is brought to you.

An ace sports person, he served with perfection and performed his duties meticulously without any hesitation. He died in harness unexpectedly and untimely least troubling anybody before last breath.

A true dedicated, loyal and sincere friend associated with me for more than two decades. We wish Almighty peace to his noble soul. The best homage would be to carry on his legacy and keep the flame which he had lit burning bright.
